OFFICIAL USPTO NOTICE OF REGISTRATION

Mark: REDBOX+
Owner/Holder: Redbox Automated Retail, LLC
Docket/Reference No. 49021-00350

Issue Date: April 11, 2023

Your mark has registered with the United States Patent and Trademark Office (USPTO). Your United States trademark registration number is 7021694.

View and download your registration certificate using the [Trademark Status & Document Retrieval \(TSDR\) database](#). If you have difficulty accessing the registration certificate, contact the Trademark Assistance Center (TAC) at TrademarkAssistanceCenter@uspto.gov or 800-786-9199 (select option #1). New registration certificates are issued electronically. For more information, visit the USPTO's [electronic registration certificates webpage](#).

If your registration certificate contains an error that would not require republication to correct it, you can use the Trademark Electronic Application System (TEAS) [Section 7 Request for Amendment or Correction of Registration Certificate \(Section 7\) form](#) to request correction of that error.

Order presentation copies online:

You can order a printed presentation copy of your registration certificate using the TEAS [Order Trademark Presentation Copy of Registration Certificate form](#). The presentation copy is suitable for display and framing. For more information on the availability and cost of presentation copies of trademark registrations, visit the USPTO's [electronic registration certificates webpage](#).

Requirements to maintain your registration:

- File your registration [maintenance documents](#) at the required times.
- **If you do not submit your maintenance documents at the required times, your registration will be cancelled.** If that happens, you must file a new application. Filing a new application doesn't guarantee your trademark will register again.

Please note the following:

- You may receive unsolicited offers and notices from third-parties not affiliated with the USPTO. All official correspondence about your trademark registration will be from the "United States Patent and Trademark Office" in Alexandria, Virginia, and all emails will be from the domain "@uspto.gov." Visit our [misleading notices webpage](#) for more information.
- If your registration covers products that are likely targets for international counterfeiters (e.g., popular or high-demand products), consider applying to record your trademark registration with U.S. Customs and Border Protection (CBP).

Recording your trademark registration helps CBP detain and seize imported goods if they violate your recorded trademark. Visit our [recording trademark registrations with CBP webpage](#) for more information.

- To help ensure that you receive emails from the USPTO, keep your email address(es) current using the [Change Address or Representation \(CAR\) form](#) and add USPTO email addresses to your contacts or "Safe Senders" list.
- If your trademark registration identifies goods and/or services not in use with your trademark, you can use the [Section 7 form](#) to request deletion of any goods and/or services not in use with your trademark. There's no fee to file a Section 7 form if you file the Section 7 form before you file your required registration maintenance documents, and you are only deleting goods, services, or classes. Other amendments and corrections may require a filing fee. For information on amendments and corrections after registration, see [TMEP §1609](#).

If you have any questions about this notice, contact TAC at TrademarkAssistanceCenter@uspto.gov or 800-786-9199 (select option #1).

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.

FINAL OFFICE ACTION

The USPTO must receive applicant's response to this letter within six months of the issue date below or the application will be [abandoned](#). Respond using the Trademark Electronic Application System (TEAS) and/or Electronic System for Trademark Trials and Appeals (ESTTA). A link to the appropriate TEAS response form and/or to ESTTA for an appeal appears at the end of this Office action.

Issue date: November 01, 2022

The Office has reassigned this application to the undersigned trademark examining attorney.

This Office action is in response to applicant's communication filed on Sept. 20, 2022.

In a previous Office action dated March 25, 2022, applicant was required to amend the identification of services and satisfy the multiple-class application requirements. Applicant clarified the identification of services in its response, but several portions of the identification remain indefinite and/or overly broad. Therefore, the trademark examining attorney maintains and now makes FINAL the identification and multiple-class application requirements. *See* 37 C.F.R. §2.63(b); TMEP §714.04.

Summary of Issues Made Final:

- Amend Identification of Services
- Multiple-Class Application Requirements

Identification of Services

The identification of services currently reads:

Class 35: placement of vending machines; automated retail vending machine kiosk services featuring entertainment content, namely, retail vending stand services featuring movies, documentaries, full feature audio-visual content, fictional content, dramatic content, and non-fictional content; vending machine services rendered through automated kiosks featuring entertainment content, namely, retail vending stand services featuring movies, documentaries, full feature audio-visual content, fictional content, dramatic content, and non-fictional content; automated retail vending machine kiosk services featuring DVDs, movies, and prerecorded electronic media featuring entertainment content; online retail store services featuring DVDs, movies, prerecorded electronic media featuring entertainment content; computerized online retail store services featuring pre-recorded videos; distributorship services in the field of entertainment content in the nature of DVDs, movies, digital content, and pre-recorded media featuring entertainment content; subscription-based retail store services in the field of movies, documentaries, full feature audio-visual content, fictional content, dramatic content, and non-fictional content; arranging subscriptions to retail vending machines featuring movies, documentaries, full feature audio-visual content, fictional content, dramatic content, and non-fictional content

Class 38: video-on-demand transmission services, video broadcasting, and transmission of voice, data, images, data signals, messages and information by electronic communications networks

Class 41: Providing information in the field of entertainment via an interactive global computer network, networked kiosks, computers, mobile devices, game consoles, app-enabled TVs and optical and magneto-optical disc players; providing information in the field of entertainment by means of communications networks; providing entertainment facilities for purchasing and renting DVD movies; rental of video recordings by means of communications networks, namely, rental of pre-recorded videos that may be downloaded from an internet website; rental of films, motion pictures, television and radio programs, sound and video recordings; rental of motion pictures and sound recordings in the nature of images, excerpts, and video and sound recordings

The wording “arranging subscriptions to retail vending machines featuring movies, documentaries, full feature audio-visual content, fictional content, dramatic content, and non-fictional content” in the identification of services in class 35 is indefinite and must be clarified because it does not identify the particular services. *See* 37 C.F.R. §2.32(a)(6); TMEP §1402.01. The wording "placement of vending machines" must also be clarified for this reason. In addition, this wording appears to identify services in

class 37 rather than in class 35. *See* 37 C.F.R. §§2.32(a)(7), 2.85; TMEP §§1401.02(a), 1401.03(b).

Applicant must also clarify the wording “providing entertainment facilities for purchasing and renting DVD movies” in the identification of services in class 41 because it is indefinite and too broad. *See* 37 C.F.R. §2.32(a)(6); TMEP §§1402.01, 1402.03. This wording is indefinite because it does not make clear what the services are. Further, this wording could identify services in more than one international class. Services of providing facilities for specialized purposes are classified according to the class of the purpose - in this case, purchasing DVDs and movies is a class 35 retail store service, while rental of DVDs and movies is a class 41 entertainment service.

Applicant may adopt the following identification, if accurate (changes in **bold**, deletions in **strikethrough**):

Class 35: automated retail vending machine kiosk services featuring entertainment content, namely, retail vending stand services featuring movies, documentaries, full feature audio-visual content, fictional content, dramatic content, and non-fictional content; vending machine services rendered through automated kiosks featuring entertainment content, namely, retail vending stand services featuring movies, documentaries, full feature audio-visual content, fictional content, dramatic content, and non-fictional content; automated retail vending machine kiosk services featuring DVDs, movies, and prerecorded electronic media featuring entertainment content; online retail store services featuring DVDs, movies, prerecorded electronic media featuring entertainment content; computerized online retail store services featuring pre-recorded videos; distributorship services in the field of entertainment content in the nature of DVDs, movies, digital content, and pre-recorded media featuring entertainment content; subscription-based retail store services in the field of movies, documentaries, full feature audio-visual content, fictional content, dramatic content, and non-fictional content; subscription-based retail store services featuring movies, documentaries, full feature audio-visual content, fictional content, dramatic content, and non-fictional content, **provided through** vending machines; providing **retail** facilities for purchasing DVD movies

Class 37: Installation of vending machines

Class 38: video-on-demand transmission services, video broadcasting, and transmission of voice, data, images, data signals, messages and information by electronic communications networks

Class 41: Providing information in the field of entertainment via an interactive global computer network, networked kiosks, computers, mobile devices, game consoles, app-enabled TVs and optical and magneto-optical disc players; providing information in the field of entertainment by means of communications networks; providing entertainment facilities for ~~purchasing and~~ renting DVD movies; rental of video recordings by means of communications networks, namely, rental of pre-recorded videos that may be downloaded from an internet website; rental of films, motion pictures, television and radio programs, sound and video recordings; rental of motion pictures and sound recordings in the nature of images, excerpts, and video and sound recordings

Applicant’s services may be clarified or limited, but may not be expanded beyond those originally itemized in the application or as acceptably amended. *See* 37 C.F.R. §2.71(a); TMEP §1402.06. Applicant may clarify or limit the identification by inserting qualifying language or deleting items to result in a more specific identification; however, applicant may not substitute different services or add services not found among or encompassed by those in the original application or as acceptably

amended. *See* TMEP §1402.06(a)-(b). The scope of the services sets the outer limit for any changes to the identification and is generally determined by the ordinary meaning of the wording in the identification. TMEP §§1402.06(b), 1402.07(a)-(b). Any acceptable changes to the services will further limit scope, and once services are deleted, they are not permitted to be reinserted. TMEP §1402.07(e).

For assistance with identifying and classifying goods and services in trademark applications, please see the USPTO's online searchable [U.S. Acceptable Identification of Goods and Services Manual](#). *See* TMEP §1402.04.

Multiple-Class Application Requirements

The application identifies services in more than one international class; therefore, applicant must satisfy all the requirements below for each international class based on Trademark Act Section 1(b):

- (1) **List the services by their international class number** in consecutive numerical order, starting with the lowest numbered class.
- (2) **Submit a filing fee for each international class** not covered by the fee(s) already paid (view the [USPTO's current fee schedule](#)). The application identifies services that are classified in at least 4 classes; however, applicant submitted a fee sufficient for only 3 class(es). Applicant must either submit the filing fees for the classes not covered by the submitted fees or restrict the application to the number of classes covered by the fees already paid.

See 37 C.F.R. §2.86(a); TMEP §§1403.01, 1403.02(c).

For an overview of the requirements for a Section 1(b) multiple-class application and how to satisfy the requirements online using the Trademark Electronic Application System (TEAS) form, see the [Multiple-class Application webpage](#).

Fees

The fee for adding classes to a TEAS Standard application is \$350 per class. *See* 37 C.F.R. §2.6(a)(1)(iii). For more information about adding classes to an application, see the [Multiple-class Application webpage](#).

Advisory - Responding to a Final Office Action

For this application to proceed, applicant must explicitly address each refusal and/or requirement in this Office action.

Applicant may respond to this final Office action by providing one or both of the following:

1. A request for reconsideration that fully resolves all outstanding requirements and refusals; and/or
2. An appeal to the Trademark Trial and Appeal Board with the required filing fees.

TMEP §715.01; *see* 37 C.F.R. §2.63(b)(1)-(2).

Please call or email the assigned trademark examining attorney with questions about this Office action. Although an examining attorney cannot provide legal advice, the examining attorney can provide additional explanation about the refusal(s) and/or requirement(s) in this Office action. *See* TMEP §§705.02, 709.06. The USPTO does not accept emails as responses to Office actions; however, emails can be used for informal communications and are included in the application record. *See* 37 C.F.R. §§2.62(c), 2.191; TMEP §§304.01-.02, 709.04-.05.

NONFINAL OFFICE ACTION

The USPTO must receive applicant's response to this letter within six months of the issue date below or the application will be [abandoned](#). Respond using the Trademark Electronic Application System (TEAS). A link to the appropriate TEAS response form appears at the end of this Office action.

Issue date: March 25, 2022

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issue(s) below. 15 U.S.C. §1062(b); 37 C.F.R. §§2.62(a), 2.65(a); TMEP §§711, 718.03.

SUMMARY OF ISSUES:

- Identification of Services Requires Clarification
- Multiple Class Application Requirements

Search of Office Records

The trademark examining attorney searched the USPTO database of registered and pending marks and found no conflicting marks that would bar registration under Trademark Act Section 2(d). 15 U.S.C. §1052(d); TMEP §704.02.

Identification of Services Requires Clarification

The wording “vending machine services” must be clarified because it is too broad and could include services in other international classes. *See* 37 C.F.R. §2.32(a)(6); TMEP §§1402.01, 1402.03. In particular, this wording could encompass “refilling of vending machines” in Class 39 or “rental of vending machines” in Class 35.

A number of services listed do not belong in Class 41, such as distributorship services, kiosk services, video-on-demand transmission services, video broadcasting, and transmission of voice, data, images, data signals, messages and information by electronic communications networks, and subscription services. Applicant must amend the application to classify the services in the proper respective classes. *See* 37 C.F.R. §§2.32(a)(7), 2.85; TMEP §§1401.02(a), 1401.03(b).

A number of entries in the identification of services are indefinite and must be clarified because the nature of the services is unclear. *See* 37 C.F.R. §2.32(a)(6); TMEP §1402.01. Applicant must amend this wording to specify the common commercial or generic name of the services. *See* TMEP §1402.01. If the services have no common commercial or generic name, applicant must describe or explain the nature of the services using clear and succinct language. *See id.* For instance:

- Applicant's vending services must specify the types of items being sold
- Applicant's "subscription services" requires further specification as to whether applicant is offering retail services
- Applicant's facilities and rental services must be further specified to indicate the entertainment-related service being provided

The following amendments are suggested, if accurate (added language in **bold**; deleted language ~~struck~~; requests for further information in ***bold and italicized***):

Class 35: **rental of vending machines**; automated retail vending machine kiosk services featuring entertainment content, **namely, retail vending stand services featuring {specify, e.g., movie DVDs}**; vending machine services rendered through automated kiosks featuring entertainment content, **namely, retail vending stand services featuring {specify, e.g., movie DVDs}**; automated retail vending machine kiosk services featuring DVDs, movies, and prerecorded electronic media featuring entertainment content; online retail store services featuring DVDs, movies, prerecorded electronic media featuring entertainment content; computerized online retail store services featuring pre-recorded videos; distributorship services in the field of entertainment content in the nature of DVDs, movies, digital content, and pre-recorded media featuring entertainment content; **subscription-based retail store services in the field of {specify field of goods}**; **arranging subscriptions to telecommunication services for others**

Class 38: video-on-demand transmission services, video broadcasting, and transmission of voice,

data, images, data signals, messages and information by electronic communications networks;

Class 39: refilling of vending machines

Class 41: Providing information in the field of entertainment via an interactive global computer network, networked kiosks, computers, mobile devices, game consoles, app-enabled TVs and optical and magneto-optical disc players; providing information in the field of entertainment by means of communications networks; providing **entertainment** facilities for **viewing purchased and rented DVD movies** ~~DVD and movie purchase and rental; vending machine services; automated retail vending machine kiosk services featuring entertainment content; vending machine services rendered through automated kiosks featuring entertainment content; automated retail vending machine kiosk services featuring DVDs, movies, and prerecorded electronic media featuring entertainment content; online retail store services featuring DVDs, movies, prerecorded electronic media featuring entertainment content; computerized online retail store services featuring pre-recorded videos; distributorship services in the field of entertainment content in the nature of DVDs, movies, digital content, and pre-recorded media featuring entertainment content; rental of video recordings by means of communications networks, namely, rental of pre-recorded videos that may be downloaded from an internet website; video on-demand transmission services, video broadcasting, and transmission of voice, data, images, data signals, messages and information by electronic communications networks; rental of films, motion pictures, television and radio programs, sound and video recordings; rental of **motion pictures and sound recordings in the nature of** images, excerpts, and video and sound recordings; subscription services for all of the above~~

For assistance with identifying and classifying goods and services in trademark applications, please see the USPTO's online searchable [U.S. Acceptable Identification of Goods and Services Manual](#). See TMEP §1402.04.

Applicant may amend the identification to clarify or limit the goods and/or services, but not to broaden or expand the goods and/or services beyond those in the original application or as acceptably amended. See 37 C.F.R. §2.71(a); TMEP §1402.06. Generally, any deleted goods and/or services may not later be reinserted. See TMEP §1402.07(e).

Multiple Class Application Requirements

The application identifies goods and/or services that are classified in at least 4 classes; however, applicant submitted a fee(s) sufficient for only 1 class(es). In a multiple-class application, a fee for each class is required. 37 C.F.R. §2.86(a)(2), (b)(2); TMEP §§810.01, 1403.01. For more information about adding classes to an application, see the [Multiple-class Application webpage](#).

Therefore, applicant must either (1) restrict the application to the number of classes covered by the fees already paid, or (2) submit the fees for each additional class.

The application references goods and/or services based on use in commerce in more than one international class; therefore, applicant must satisfy all the requirements below for each international class:

- (1) **List the goods and/or services by their international class number** in

consecutive numerical order, starting with the lowest numbered class (for example, International Class 3: perfume; International Class 18: cosmetic bags sold empty).

(2) **Submit a filing fee for each international class** not covered by the fee(s) already paid (view the [USPTO's current fee schedule](#)). Specifically, the application identifies goods and/or services based on use in commerce that are classified in at least 4 classes; however, applicant submitted a fee(s) sufficient for only 1 class(es). Applicant must either (a) submit the filing fees for the classes not covered by the submitted fees or (b) restrict the application to the number of classes covered by the fees already paid.

(3) **Submit verified dates of first use of the mark** anywhere and in commerce for each international class. [See more information about verified dates of use.](#)

(4) **Submit a specimen for each international class.** The current specimen is acceptable for class(es) 35 and 41; and applicant needs a specimen for class(es) 38 and 39. [See more information about specimens.](#)

United States Patent and Trademark Office (USPTO)

USPTO OFFICIAL NOTICE

Office Action (Official Letter) has issued
on March 25, 2022 for
U.S. Trademark Application Serial No. 90817452

A USPTO examining attorney has reviewed your trademark application and issued an Office action. You must respond to this Office action in order to avoid your application abandoning. Follow the steps below.

- (1) **[Read the Office action](#)**. This email is NOT the Office action.
- (2) **Respond to the Office action by the deadline** using the Trademark Electronic Application System (TEAS). Your response must be received by the USPTO on or before 11:59 p.m. **Eastern Time** of the last day of the response period. Otherwise, your application will be **[abandoned](#)**. See the Office action itself regarding how to respond.
- (3) **Direct general questions** about using USPTO electronic forms, the USPTO **[website](#)**, the application process, the status of your application, and whether there are outstanding deadlines to the **[Trademark Assistance Center \(TAC\)](#)**.

After reading the Office action, address any question(s) regarding the specific content to the USPTO examining attorney identified in the Office action.

GENERAL GUIDANCE

- **[Check the status](#) of your application periodically** in the **[Trademark Status & Document Retrieval \(TSDR\)](#)** database to avoid missing critical deadlines.
- **[Update your correspondence email address](#)** to ensure you receive important USPTO notices about your application.
- **[Beware of trademark-related scams](#)**. Protect yourself from people and companies that may try to take financial advantage of you. Private companies may call you and pretend to be the USPTO or may send you communications that resemble official USPTO documents to trick you. We will never request your credit card number or social security number over the phone. And all official USPTO correspondence will only be emailed from the domain “@uspto.gov.” Verify the correspondence originated from us by using your Serial Number in our database, **[TSDR](#)**, to confirm that it appears under the “Documents” tab, or contact the **[Trademark Assistance Center](#)**.

- **Hiring a U.S.-licensed attorney.** If you do not have an attorney and are not required to have one under the trademark rules, we encourage you to hire a U.S.-licensed attorney specializing in trademark law to help guide you through the registration process. The USPTO examining attorney is not your attorney and cannot give you legal advice, but rather works for and represents the USPTO in trademark matters.
