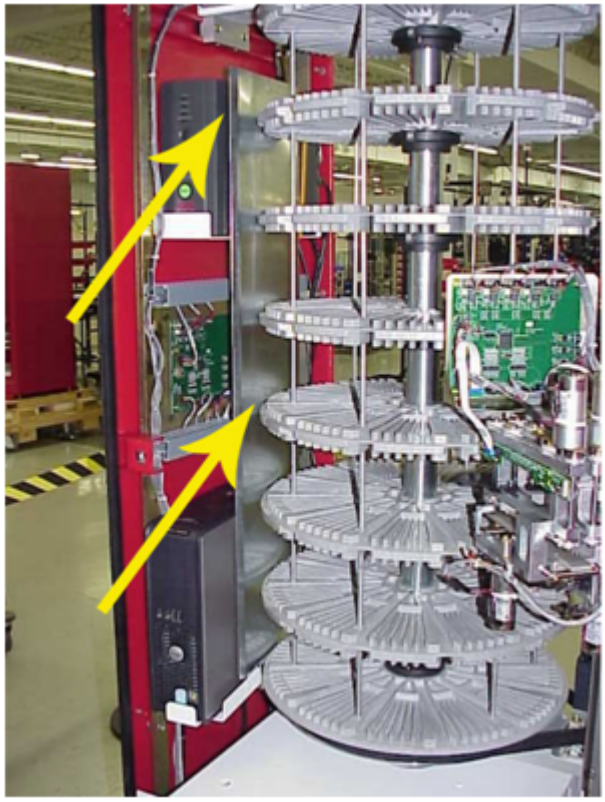
SUBJECT: Disc Guard Install	Bulletin Number:01-00036
	Date Issued: 08-27-2006

Description: Disc Guard Installation

Diagram 1.0



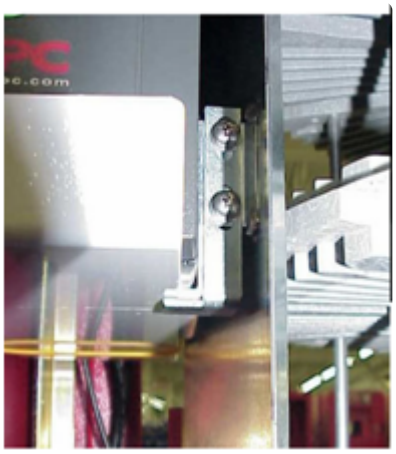


Diagram 1.1 Loop Under Battery

Diagram 1.2

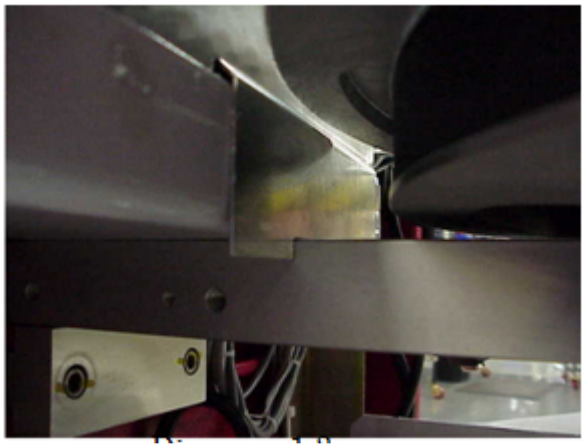

Diagram 1.3

Installing the Disc Guard should be done using the following procedure

Repair Procedure

1. Install the Disc Guard as shown in Diagram 1.0
2. Insert the top loop (with the threaded insert) over the UPS tray lip (Diagram 1.1)
3. Insert the bottom, putting the back tab behind the lip of the PC and the front tab of the bottom must sit snuggly on the bottom support beam (Diagram 1.2 and 1.3)
